QUICK LINKS

ANNOUNCEMENTS

Congratulations to Victor Neufeld!

By: [Zach Pleasant](#), Dec 1, 2011 2:46 PM
 Paying his dues early really paid off. Victor is the winner of the 64GB iPad 2. Thank you to all of those members who participated in the raffle by paying their dues early. Still haven't renewed your membership? Don't delay any further. [Pay now before the holiday hustle and bustle takes over.](#)

Traffic Engineering Council Discussion Group

[Hide Latest Messages](#)

Welcome to the ITE Traffic Engineering Council Discussion Group. This discussion group has been established for members of the Traffic Engineering Council and it provides a great way to exchange, share and receive the latest information on a variety of engineering issues.

Wondering if your subject of interest has been previously discussed? Search the itetraffic archive to find out.

You are required to limit your discussions to professional issues. Posting of messages related to positions available, positions wanted, advertisements for your firm, or other promotional material is strictly prohibited.

Current Traffic Engineering Council Technical Projects

- MUTCD / National Committee
- Highway Rail Grade Crossing Committee
- Strategies and Practices for Left-Turn Detection and Phasing
- Update to Traffic Engineering TIPS on Web site
- Survey of State of the Practice in Traffic Responsive Plan Selection Control (Informational Report)
- School Planning Design and Transportation (Informational Report)
- Real-World Experience with New Technology (Informational Report)
- Survey of Guidelines Used to Select Sidewalk Locations (Informational Report)
- Speed Management (Informational Report)
- Accessible Intersection Committee
- Prohibition of Turns on Red (Informational Report)
- SimCap
- Sight Triangle or Corner Clearance Policies at Intersections & Driveways
- Lines, Signs, Signals... What Do Drivers (and Police) Really Know and Do
- Preemption of Traffic Signals Near Railroad Crossings
 - Roundabouts
 - Clearance Intervals

How can you get involved?

- Join International ITE
- Select the Traffic Engineering Council as one of your technical council choices
- Participate in the ITE Community
- Respond to calls for volunteers for committees and technical projects
- Submit an abstract for a meeting
- Suggest a project topic
- Send in newsletter articles

Why you should get involved...

- Global Exposure & Knowledge Base
- Access to Practical Advice and Information
- Career Opportunities
- Networking
- Exposure
- Teaming Opportunities
- Sharing Expertise
- Meeting Other Experts

Get Involved today!
