

# 2024 SPRING MEETING

April 3–5, 2024

Texas A&M Hotel and Conference Center

*Thank you to our Title Sponsor:*

## HOWDY and WELCOME to Aggieland!

It is my pleasure to invite TexITE back to College Station, TX for a district meeting after almost 10 years! During this meeting we are embracing the Aggieland spirit found in the Bryan-College Station area through tours of campus with discussion of the multimodal movement of tens of thousands of students and staff, emergency planning and operation centers found in Bryan and College Station, and even a tour option of our beloved Kyle Field!

In addition, this meeting includes fantastic training and speakers programed for your technical and professional development. Dr. Scott Shafer, the Chief of Campus and Community Engagement form the Office of the University President, will be welcoming us at our "Kick-Off" Luncheon before Mr. John Davis, our ITE International President, serves as our keynote speaker. You will find that this meeting is an excellent opportunity to network and connect with a diverse group of fellow engineers, planners, and transportation specialists from throughout Texas and the United States.

The TexITE Board wishes to express gratitude to all our vendors and sponsors. Without them, this meeting would not be financially possible. YOU, our meeting participants, are also a key part of making this meeting possible! THANK YOU for taking time out of your schedule and commitments to join us for this meeting. We're glad to have you. Our Local Arrangement Committee (LAC) has worked for months to make this a fun and successful meeting which deserves our thanks and appreciation! Please reach out to a TexITE board member, LAC Co-Chair, or registration staff if you have any questions or comments on our meeting. *Thanks & Gig'em!*

## TECHNICAL TRAINING

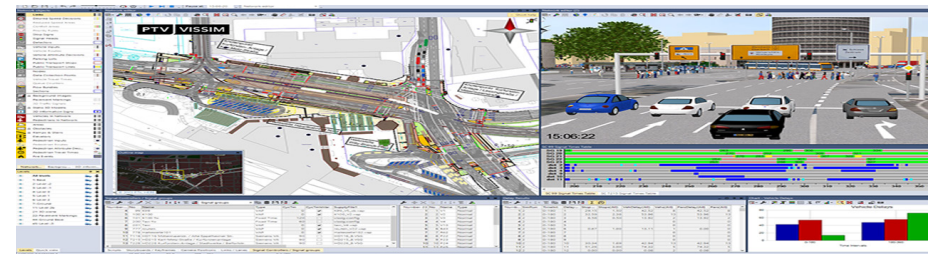

### Improving and Communicating Speed Management Practices

**Ross (2nd floor) | Wednesday, 8:00 a.m. – Noon**

The Improving and Communicating Speed Management Practices workshop will cover practices for conducting speed zone studies and setting regulatory speed limits. This material focuses first on TxDOT's current practices as described in the *Procedures for Establishing Speed Zones* manual, and then on new directions described in national research and policy-making activities, including NCHRP Research Report 966 (*Posted Speed Limit Setting Procedure and Tool: User Guide*).

Participants will have an opportunity to analyze two sample roadway speed zones twice: first using the *Procedures for Establishing Speed Zones* methodology, and then using the spreadsheet-based NCHRP 17-76 Speed Limit Setting Tool. These sample problems will provide an opportunity for the participants to discuss the issues and challenges with analyzing speed zones and setting regulatory speed limits. The workshop will also inform the participants about the availability of resources that can help them communicate speed limit setting practices and treatments that can help them manage speed on roadways. The communication resources include informational videos developed for engineers and citizens, an informational pamphlet, and talking points and frequently asked questions material. These resources were developed in TxDOT Research Project 0-7049. **Participants must bring their own laptop. No on-site registrations.**

### VISSIM Training

**Ross (2nd floor) | Wednesday, 1:00 p.m. – 4:30 p.m.**

Swastik Khadka and Dr. Taylor Li will present an interactive class as an introduction to microscopic modelling and basic traffic signal simulation in VISSIM. The course will be based on VISSIM training provided to students at the University of Texas at Arlington. Registrants will be provided with a temporary working license of VISSIM to install on their own computers in advance of the training and will be able to experience the model capabilities on a practice scenario. **Registrants must bring their own laptop. No on-site registrations.**

## TOURS

### TECHNICAL TOUR

#### Texas A&M University Bike Tour

*Corps (2nd floor) | Wednesday, 10:00 a.m. – 11:30 a.m.*

Byron Prestridge, Manager for Sustainable Transportation at Texas A&M University Transportation Services, will discuss how the university facilitates daily mobility for tens of thousands of students and staff. Following a presentation, join Byron for a campus tour on Veo e-scooters and bikes for an up-close look at different areas of campus to see how the university prioritizes active transportation.

Bike helmets are not provided; participants are encouraged to bring one. **No on-site registrations.**

### TECHNICAL TOUR

#### Community Emergency Operations Center, Fibertown, and Disaster City Tour

*Wednesday, 12:45 p.m. – 4:30 p.m.*

Take a tour of three emergency operations facilities in Bryan – College Station:

- the Brazos Community Emergency Operations Center (CEOC);
- the Fibertown Bryan Data Center; and
- the 297-acre TEEX Brayton Fire Training Field.

**No on-site registrations.** Transportation provided. Meet outside in front of the conference center at 12:45 p.m. The bus will depart at 1:00 p.m.

### NON-TECHNICAL TOUR

#### Kyle Field Tour

*Wednesday, 1:45 p.m. – 3:00 p.m.*

Want to get an inside look at Kyle Field? Join us for a detailed look of the stadium, including the Hall of Champions, the sideline, a suite, and the highest stadium level.

Photography is permitted. **No on-site registrations.** Meet at the registration desk at 1:45 p.m. The group will walk over to Kyle Field together.

## MEETING EVENTS

### NETWORKING EVENT

#### Golf Tournament

*The Golf Club at Texas A&M University | Wednesday, 8:00 a.m. – 1:00 p.m.*

With Kyle Field and Texas A&M University as a backdrop, The Golf Club at Texas A&M University, renovated in 2013, is a par 71, 7,008-yard gem designed by Texas A&M's own Jeff Blume '89. Tournament registration includes a bucket of range balls to warm up, cart, tournament shotgun start at 8 am, and a fajita lunch afterwards. Awards will be given for 1st, 2nd, and 3rd place teams as well as longest drive and closest to the hole. **No on-site registrations.**

## MEETING EVENTS

### NETWORKING EVENT

#### Younger Member Networking Hour

*Block T Bar & Grill Terrace, 3rd Floor |  
Wednesday, 5:00 p.m. – 6:00 p.m.*

Younger members (35 years old or younger) are invited to meet at the Block T Bar & Grill on the third floor of the hotel to network. Outside of the bar area is a sweeping terrace overlooking Kyle Field for everyone to hangout and catch up before the evening events.

### NETWORKING EVENT

#### Highway Products Group Exhibits and Reception

*Prefunction and Century Ballroom |  
Wednesday, 6:00 p.m. – 8:00 p.m.*

Visit your colleagues at the Highway Products Group Exhibits and Reception. Also learn about the latest innovations in signal equipment, pavement markings, signing, lighting, and much, much more. Heavy hors d'oeuvres will be provided.

### NETWORKING EVENT

#### The Big Game

*Century Ballroom |  
Wednesday, 8:00 p.m. – Midnight*

TexITE will be hosting its traditional Texas Hold'Em Tournament on Wednesday evening following the Highway Products Group Reception. No experience necessary. Come enjoy the fun, snacks, and prizes.

### NETWORKING EVENT

#### Thursday Night Social and Traffic Bowl

*AgriLife Center and Leach Teaching Gardens | Thursday, 6:00 p.m. – 9:00 p.m.*

Please join us for an evening of great food and fun at the AgriLife Center and Leach Teaching Gardens on the Texas A&M University Campus. Wear your college colors and tour the seven-acre facility that is one of the nation's premier teaching gardens with over 30 different areas of unique regional floral and fauna displays, food and fiber fields, and peaceful water features. Network with your colleagues, play outdoor games with your friends and family, and cheer on your favorite Student Chapter team during the Traffic Bowl!

**Transportation:** Walking is encouraged, as the venue is an easy ½ mile walk through the Texas A&M University Campus. A bus will provide transportation from the hotel to the social venue and vice versa for those that need it and in case of inclement weather.

**Location:**  
*The Backyard on Northgate*  
303 University Dr.  
College Station, TX 77840

### NETWORKING EVENT

#### Thursday Late Night Social

*The Backyard on Northgate |  
Thursday, 9:00 p.m. – Midnight*

Younger Members (and those young at heart) will mingle and enjoy hanging out at The Backyard on Northgate. This venue has the largest patio and largest screen on Northgate.

The group will begin at the Thursday Night Social and travel to The Backyard (transportation provided). From The Backyard, it is an easy 15-minute walk back through campus to the conference hotel.
